Hinkle Hemp Partners With Soul Serenity

Gifting You A Complimentary Guided Meditation and Yoga Sampler

Hinkle Hemp is thrilled to announce its sponsorship of a transformative experience that blends the soothing guidance of Soul Serenity's Guided Meditation by Kathy and the rejuvenating Yoga Session led by Taylor. As a part of our commitment to holistic well-being, we are excited to offer a *free sampling* of these mindful practices.

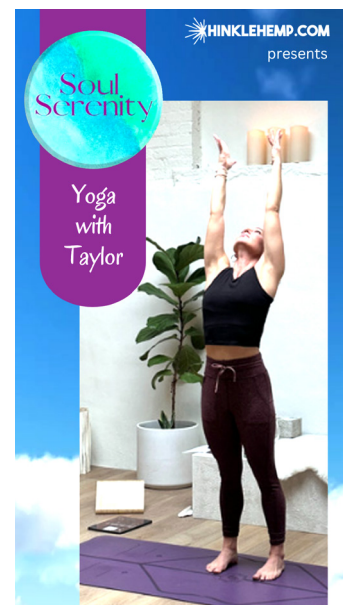

In Soul Serenity's New Year meditation, Kathy gracefully guides us on a journey of reflection and renewal. As we usher in the new year, Kathy encourages us to release the baggage of the past, fostering an environment of positivity and intention. Participants are invited to find comfort in a seated or lying position, closing their eyes to embark on a serene meditation. The session commences with a series of deep breaths,

celebrating the simple yet profound gift of breath itself. Gratitude becomes the cornerstone, setting a mindful and appreciative tone for the meditation.

Kathy guides us in creating both physical and mental space, leading a conscious body assessment from head to toe. Identifying areas of stress allows intentional release of negativity. The journey includes relaxation techniques for new energies, emphasizing being fully present and shedding distractions. Kathy concludes by inviting appreciation for newfound internal space, setting clear intentions, and fostering positive contributions to the world. Her closing words echo a call for collective gratitude, humility, and service, symbolized by "Namaste" – recognizing the divine within each individual and offering a collective blessing for everyone's unique journey.

Taylor from Soul Serenity will guide you through a rejuvenating introductory yoga session. In the hustle and bustle of daily life, it's easy to get caught up in the chaos of the mind. This sequence is designed to ground you, connect you with your body, and carve out a serene mental space.

Beginning in Tadasana, you will gracefully move through a series of poses, emphasizing the intertwining of breath and movement. From gentle side bends to heart-opening poses, you will explore the beautiful synergy between body and breath. Flowing through the sequence, each movement is an invitation to release tension, find balance, and cultivate mindfulness.

Included in this complimentary package, you can also enter to win (no purchase necessary) a special Valentine's Day gift from our new exclusive "Love Love Love" home decor and canine fashion line.
